

SMAD3 RABBIT PAB

Cat.#: S220377

Product Name: Anti-SMAD3 Rabbit Polyclonal Antibody

Synonyms: LDS3; mad3; LDS1C; MADH3; JVI5-2; hMAD-3; hSMAD3; HSPC193; HsT17436

UNIPROT ID: P84022 (Gene Accession - NP_001138574)

Background: The SMAD family of proteins are a group of intracellular signal transducer proteins similar to the gene products of the Drosophila gene 'mothers against decapentaplegic' (Mad) and the C. elegans gene Sma. The SMAD3 protein functions in the transforming growth factor-beta signaling pathway, and transmits signals from the cell surface to the nucleus, regulating gene activity and cell proliferation. This protein forms a complex with other SMAD proteins and binds DNA, functioning both as a transcription factor and tumor suppressor. Mutations in this gene are associated with aneurysms-osteoarthritis syndrome and Loeys-Dietz Syndrome 3.

Immunogen: Synthetic peptide of human SMAD3

Applications: ELISA, IHC

Recommended Dilutions: IHC: 50-200; ELISA: 5000-10000

Host Species: Rabbit

Clonality: Rabbit Polyclonal

Isotype: Immunogen-specific rabbit IgG

Purification: Antigen affinity purification

Species Reactivity: Human, Mouse, Rat

Constituents: PBS (without Mg²⁺ and Ca²⁺), pH 7.4, 150 mM NaCl, 0.05% Sodium Azide and 40% glycerol

Research Areas: Signal Transduction, Epigenetics and Nuclear Signaling, Cancer, Cardiovascular, Metabolism

Storage & Shipping: Store at -20°C. Avoid repeated freezing and thawing

Immunohistochemistry analysis of paraffin embedded Human liver cancer tissue using 220377 (SMAD3 Antibody) at a dilution of 1/50 (Cytoplasm).

In comparison with the IHC on the left, the same paraffin-embedded Human liver cancer tissue is first treated with the synthetic peptide and then with 220377 (Anti-SMAD3 Antibody) at dilution 1/50.

The image on the left is immunohistochemistry of paraffin-embedded Human colorectal cancer tissue using 220377 (Anti-SMAD3 Antibody) at a dilution of 1/50.

In comparison with the IHC on the left, the same paraffin-embedded Human colorectal cancer tissue is first treated with synthetic peptide and then with D261451 (Anti-SMAD3 Antibody) at dilution 1/50.
